## Quarterly Conference Is Well Attended

The Quarterly Conference of the Taylor Stake of Zion convened on Saturday evening May 9th. with Pres. Rudger Clawson of the Council of the Twelve representing the general authorities of the Church, and Miss Mary Jack present in the interest of the Primary Associations. Considering the busy season of the year there was a good attendance present and very good order maintained during the meetings.

The first song was "Come Let Us Awe", prayer was offered by Elder Amel Weed, and the congregation then sang "Come Thou Glorious Day of Promise."

J. W. Evans of the Stake Presidency was the first speaker of the Conference. He stated that while we were in the midst of a marked depression financially, and that all were feeling it, that our records in church activities showed a depression, in fact the very opposite was true. And after all obedience to God's command was the most important thing and material goods and wealth should be next. Referring to the efforts of the world to find a solution to the present day problems, the speaker stated that the eyes of the world were on Russia in their gigantic effort, but that Russia would be doomed to failure because they were trying to get along without God and no nation had ever been successful in this. Our purpose was to work out our salvation here, and there was plenty of opportunity for missionary work here at home if we would make use of the opportunities.

Pres. Clawson expressed his pleasure at being here for another Conference. He had the opportunity to do some Temple work during the past week in Cardston which he enjoyed greatly, and he urged everyone to go to the Temple often as no one ever left that House without being blessed and strengthened. Spoke of the dual nature of man, and said the spirit and body joined together constitute a living soul, and that in our attaining this blessing we had received a great prize, the full value of which is beyond our comprehension. Being deprived of a body was one of the greatest possible punishments and this was given to Lucifer because of his rebellion. Read from the Doctrine and Covenants a revelation to Joseph Knight and commented on it and then spoke of the foundation and preparatory work back of this marvelous and wonderful work called Mormonism. Related the story of the First Vision and said that the Latter-Day work was founded on Priesthood and the power to act in God's name, and that because of this we were founded on a rock which the storms and winds of time could not move. In conclusion the speaker read a number of the outstanding accomplishments of Joseph Smith in 14 years in the ministry, and submitted this as proof of the divinity of the work.

### SUNDAY MORNING

The Sunday morning session was under the direction of the Stake Primary Association, and after the singing of "In Our Lovely Desert" and prayer by J. T. Steele, Mrs. Irene Redd conducted the remainder of the program as follows:—

"Why I should give my best to the Primary" was a topic treated by Mrs. T. Nielson of the Stake Board.

The Rhythm Band of the Stirling Ward Primary then played a number which was very good.

"How the Primary functions to Help me in my Ward" was the subject of an interesting ten minute talk by Bishop H. F. Allen of the Raymond 1st Ward.

"Advantages of Getting the Co-operation of Parents in Primary Work" was the subject of a talk by Miss Hazel Ririe of the Magrath 1st Ward. The officers of the Magrath Second Ward Primary then sang a Chorus, "Make the Home Beautiful."

Miss Mary R. Jack, General Secretary of the Primaries of the Church was the next speaker. She referred to the day being Mother's Day and said the finest bouquets were the boys

and girls. The Primary was led by the Priesthood, and was making its influence felt in the homes where its more than 100,000 members live. She told several stories of where Primary teachings had carried over into the lives of older people to make them better.

Mrs. Amy Allen conducted a Res Exercise for a few minutes.

Pres. Clawson spoke for a few minutes and congratulated the children on their very splendid order. He told the children a story and spoke on the equality of the man and woman and the impossibility of one obtaining a glory without the other. Urged everyone to think and live for a Temple Marriage to realize their full blessings and privileges.

The singing of "Mother Dear" and prayer by Elsworth Seville brought the meeting to a close.

### SUNDAY AFTERNOON

At the Sunday afternoon session of the Conference the congregation was treated to a splendid musical program by the Stake Choir under the leadership of Stake Chorister C. F. Tolstrup, assisted by local instrumentalists and three players, two Cellos and one Violin from Lethbridge.

The opening song at this meeting was the Anthem "When Thou Comest" with Mrs. Emma Burr singing the solo, after which prayer was offered by J. Taylor Heninger of Cardston. The second Anthem was "O Divine Redeemer," solo by Mrs. Valeria Allen.

The General Authorities of the Church and Stake were then read by Coun. O. H. Snow and unanimously sustained. Anton Ivins, a son of Pres. A. W. Ivins was sustained as a member of the First Council of Seventy and President of the Mexican Mission, in place of Elder Rey L. Pratt who died shortly after April Conference. The following were sustained as members of the Stake Sunday School Board, Karl Dahl and Miss Fern Wilde; and on the new Primary Board; Mesdames Amy Allen, Gertie Hicks, Viola Wing, Mary Bryner; Geva Larson and Ada O'Brien.

Pres. Edw. J. Wood of the Alberta Stake was present and was the first speaker. After expressing his joy and pleasure at being present and renewing his acquaintances, he spoke of and explained the markings and carvings of a solid Hickory cane presented him some time ago by Mr. Sanderville, who was in a Stake Priesthood Meeting at Cardston and explained the traditions of the Indians as carried on this cane. This explanation was very interesting and showed a great many beautiful amplifying things about the Red Man the Sun Dance and its deep significance to the Indian was mentioned briefly by Pres. Wood. In closing he urged everyone to do their duty to the Lord and then he felt we would not need to worry over our temporal affairs.

Mr. Henderson of Lethbridge then rendered a very beautiful Cello Solo.

Pres. A. E. Palmer of the Lethbridge Stake was present also and he was the next speaker. His remarks were brief, but he gave the congregation something to think about when he said in substance, "Regardless of difficulties, if we do right we will succeed and our troubles will be but stepping stones to greater faith. Right living is surely the key to happiness."

Pres. H. S. Allen was the next speaker and reported the Stake in good condition and very self-supporting everyone being pretty well able to take care of themselves in temporal affairs. The records of the Stake were among the best in the Church, and felt that because of this the depression was having its effect on us for good. Life in the final analysis does not consist in what we amass materially, but how we live and how rich we are toward God, and cited several examples in Holy Writ to bear

(Continued on Back Page)

## Common Clay

### A MASTERPIECE

Constance Beauchamp in Common Clay which is playing at the Capitol Theatre Tonight is rated as the miracle picture of 1930—Common Clay should be seen by every man woman and child in Raymond. It is a never to be forgotten triumph. Even tho you attend pictures but once in awhile don't miss this superb picture Common Clay.

### JOLLY PARTY HELD

One of the jolliest parties ever held was at the High School in Mr. Keith's room on Monday night sponsored by the 1st Ward Sunday School Superintendency, and with the officers and teachers of the Sunday School and their partners in attendance. They got together was in honor of Mr. and Mrs. W. A. Keith, who have moved into the Second Ward now, and particularly to show appreciation to Mr. Keith for his year or more of faithful service in the Sunday School Superintendency. About 40 people were present and everyone was there for a good time, and had it with a vengeance.

Supt. F. R. Taylor was Master of Ceremonies, and the program of singing, speechmaking, games and jokes, with the emphasis on the jokes was topped off with a lunch prepared by some of the teachers, and at 11:45 the crowd quit laughing long enough to sing "Good-night Ladies" and after prayer went home, all feeling that it was good to have been there.

### RETURNED MISSIONARIES MEET

The first get together of the Returned Missionary Fraternity of the Taylor Stake of Zion was held in the Stake House Saturday night, May 9 immediately following the evening session of Conference. Due to the busy season the attendance was not as large as it should have been, but over sixty returned missionaries were present, and probably 125 people remained, missionaries, their partners and others to hear the program.

Musical numbers, readings, and missionary experiences occupied the time for about an hour and a half. Pres. Clawson was present and related some of his experiences while presiding over the British Mission which were very interesting indeed. This was just a beginning of what is hoped to make an annual or semi-annual get-together, with the end in view of keeping the missionary spirit alive and active working in every Returned Missionary.

## News Notes

John O'Brien is now working in the office of the Canadian Sugar Factor-ies, Limited.

DeVoe Woolf, for many years a teacher in Raymond's School, and son of the late Martin Wolf, M.P.I. of Cardston, has been appointed principal of a new million dollar High School in Salt Lake City which is just being completed to be opened next September. This is the largest school in the city and will have a normal enrollment of 1,900 with music hall, kitchens dining room Gym large auditorium, etc. This is a distinct credit to "DeVoe" as he is so well known here, and the Recorder joins with his thousands of friends in wishing him success and joy in his new appointment.

Three High School Students of the Barons High School were drowned in Keho Lake on Sunday afternoon, when the motor boat in which they were riding capsized, throwing them out. There were five in the boat, and two of them Stanley Paulson and Rosanna Crow were able to make their way to shore, but were unable to help the others. Those drowned were; Stanley Crow, Lloyd Campbell and Ruby McRae, all under 17 years of age. The entire community was plunged into sadness and mourning over the triple tragedy snuffing out the lives of such promising young people.

## News Notes

Ross R. May of Magrath was here on Monday of this week on business.

A. H. Zabriskie is Cashier at the Canadian Sugar Factories now, taking the place of Mr. Hodge who has gone to Blackfoot, Idaho.

Magrath has a four team Softball League organized and a schedule drawn up. The players report some great games.

Six people all members of one family were killed when their car was struck by a train at A'vord, Texas. Trainmen said the car stopped when the train whistled and then lunged forward just as the engine got to the crossing.

Sunday was Mother's Day and the stores handling flowers and plants had a very good business in this line. Practically every cut flower and plant in town found a buyer before the stores closed.

### MEMORIAL GROUNDS BEING PLANTED

D. L. Gilbert was busy last Friday afternoon and part of Saturday, supervising the planting of the grounds surrounding the Memorial to grass flowers and shrubs.

We cannot remember the names of all the different flowering trees and hedges being planted, but the outside will be banked by small trees and inside these will be flowers and grass, which will make a beautiful corner.

The trees, etc. will have made a nice start by the unveiling ceremonies on Dominion Day, July 1st, and Mr. Gilbert is to be commended for his effort and careful planning of the grounds. Dean McMullin helped in the planting.

### NEW IMPERIAL AGENT HERE

Geo. W. "Bill" Evans is now the Imperial Oil Co.'s Agent for Raymond and district. The contract was signed yesterday and Bill is now ready to supply the trade with oil and all Imperial products.

This Agency was recently given up by S. B. Card after many years of service with the Imperial Co.

The products of this Company are well and favorably known and need no comment from us. Read the ad in this paper and when you want Imperial products Phone 31 or 53 for sudden and satisfactory service.

### U. F. W. A. MEETING

The U. F. W. A. held their monthly meeting Thursday, May 7th. The resignation of Mrs. O. H. Snow as first Vice-President was accepted and the suggestion of the President that the remaining executive carry on for the balance of the year, a motion to that effect was made and carried. The meeting also voted to send \$5 to the University Young People's Fund and to send a delegate if possible.

A report from the Convener of Youth was read stating that Dr. F. M. Hall would carry on his dental clinic as had been done in the past two years. Details will be published in the near future.

The Library work was discussed and arrangements made for a public meeting for Thursday, May 14th following to a change in the schedule of Mr. Cameron, the provincial representative, the meeting had to be cancelled. However, further arrangements are under way for a librarian to address the next meeting. The Farm Women are back of the Library movement and are doing all possible to aid the work.

Miss Beth McMullin read an interesting paper on the life and works of Bliss Carmen, showing his standing among Canadian men of letters. She also read several of his finest poems.

The next meeting of the Association will be held June 4th, when Mrs. Irene Redd will give the report on Legislation and an address by a Provincial Librarian will also be heard.

## Dominion of Canada 1931 Conversion Loan

Official announcement is made today of the terms of the Dominion of Canada 1931 Conversion Loan. This issue extends the opportunity to holders of Dominion of Canada War Loan Bonds now approaching maturity to convert their holdings into bonds extending over a further period of from 15 to 25 years, and marks what may eventually prove to be the greatest financial operation in the history of Canada—the refunding of the heavy volume of financial obligations incurred during the War period.

The offer does not involve the raising of any new money. Not a penny will be added to the national debt of Canada in consequence of the 1931 Conversion Loan. It is entirely a matter of exchanging existing bonds for other bonds of the Dominion. A total of more than one billion dollars of bonds reaches maturity within the next 3 1-2 years. This total is made up of about \$52,900,000 War Loan 5 p.c. bonds due October 1, 1931; \$73,300,000 Renewal Loan 5 1/2 p.c. Bonds due November 1, 1932; \$446,600,000 Victory Loan 5 1/2 p.l. Bonds due November 1, 1933; and \$512,000,000 Victory Loan 5 1/2 p.c. Bonds due November 1, 1934.

Holders of bonds of these issues are being given the opportunity of continuing their investment over a longer term in the direct obligations of the Dominion Government. They will not lose anything in the way of interest payments or income tax exemption by exchanging for bonds of the 1931 Conversion Loan. It is explained that the new bonds will carry coupons entitling holders to receive up to the date of the maturity of their old bonds, the same interest payments and tax free privileges they would enjoy if they held their War Loan or Victory Bonds until the actual date of maturity in each case. For the remainder of the term of the 1931 Conversion Loan Bonds, the will carry interest at the rate of 4 p.c. per annum, which, in the opinion of leading investment bankers, is a comparatively generous return in view of the interest rates now prevailing in the London and New York markets.

Conversion applications are now being invited up to a total of \$250,000,000 of the new bonds. It is announced, however, that the Minister of Finance reserves the right to increase or decrease this amount, in his discretion. Subscription lists will open

on today and will close on or before the 23 of May, as may be decided by the Government.

Holders of the War Loan 5 p.c. Bonds maturing 1st of October 1931 may exchange their bonds for Dominion of Canada 1931 Conversion Loan Bonds maturing November 1, 1936. The new bonds will not be subject to redemption before November 1, 1946, but from that date until maturity they may be called by the Government on any interest date on 60 days notice, at 100 and accrued interest. The first coupon on these bonds will be for six months' tax free interest at 5 p.c. per annum, payable October 1, 1931; the second coupon will be for seven months' interest at 4 1/2 p.c. per annum, payable May 1, 1932. All other coupons will carry interest at the rate of 4 1/2 p.c. per annum payable half-yearly on the 1st of May and the 1st of November.

Holders of the Renewal Loan 5 1/2 p.c. Bonds maturing 1st of November 1932, may exchange their bonds for Dominion of Canada 1931 Conversion Loan Bonds, maturing November 1, 1937. The latter issue cannot be retired before November 1, 1947, but after that date it may be redeemed by the Government on any interest date on 60 days' notice at 100 and accrued interest. The new bonds will carry regular coupons covering interest at the rate of 4 1/2 p.c. per annum payable half-yearly on the 1st of May and the 1st of November. In addition to the regular coupons, these bonds will carry three adjustment coupons payable, respectively, on the 1st of November 1931, the 1st of May 1932, and the 1st of November 1932 for additional interest at the rate of 1 p.c. per annum.

Holders of the Victory Loan 5 1/2 p.c. Bonds maturing the 1st of November 1933 are being offered the opportunity to exchange their bonds for Dominion of Canada 1931 Conversion Loan Bonds maturing November 1, 1938. These new bonds will carry interest at the rate of 4 1/2 p.c. per annum from May 1, 1931, payable half-yearly on May 1st and November 1st. The first five interest coupons—that is, those due to be paid each six months up to November 1, 1933, will be tax free. In addition to the regular coupons, these bonds will carry five tax

Continued next week.

## Beet Growers

What will you do about it? If you study them carefully you will note that moisture conditions so far this spring of 1931, during April and May are quite similar to these same months in 1928

	1931	1930	1929	1928	1927	1926	1925
To April	.43	.72	2.44	.70	2.40	.34	1.99
Date May 15	.21	1.02	1.65	.05	8.64	.57	.43
	.72	1.74	4.09	.75	11.04	.91	2.42
Lost Ac. Unknown	935	1,128	2,661	746	1,535	955	
P.C. on Planted	6	11	28	11	23	15	

It is a well established fact that these two months are the very critical months in the growing of a beet crop, and that the moisture present during these months, and also June determine largely the variation of beet tonnage up or down. Six years average proves this.

The beet growers of these districts are facing a very critical situation unless there is an immediate change in the weather, producing rain and moisture provided for the small delicate beet plants. Less than 50 p.c. of the fields have sufficient moisture in the first three to four inches of soil to sustain life in the small seedlings in the hot dry soil prevailing, due to the hot weather of the past week. The soil is so porous and loose the small rootlets are in the same sit-

uation as a man clutching at straw in climbing a straw pile, they reach and reach yet get nothing and die. The soil needs to be settled firmly so that the roots can penetrate and absorb the lower moisture.

Study the chart. Shall we lose 28 p.c. as in 1928 or 23 p.c. as in 1926. The dry spell was broken June 6th in 1928 and June 19th in 1926. If you have irrigation ditches and will use the water you can influence your crop greatly. It may rain too late. Better to wash or flood a few beets than lose them all. Where phosphate is present near the seed, it is doubly important that irrigation be commenced immediately. Every beet grower should sense the urgent need of irrigation—NOW.

### DO WE APPRECIATE IT?

The story is told of a couple, man and wife, who decided that they wanted a change of residence. The country wasn't a very good one, and their home and surroundings not what they wanted. So they listed the place for sale, lock, stock and barrel and made up their minds to go away.

The Real estate man, with whom the place was listed made up a very nice descriptive advertisement of this splendid home and farm, and it's beautiful surroundings, and had it printed. When the paper came to the home of the farmer who was going to move he read the ad. through a number of times and was impressed with the good qualities of this particular listing. He read it to his wife also, and then they decided that if their home was that nice they would stay right there and not move away, as they hadn't realized how good it was. They instructed the Agent accordingly and stayed.

We sometimes wonder if we are not a good bit that way about Southern Alberta. We have a dry year and a light crop. Then we have a year probably when there is too much rain and the crop is all straw and hard to harvest. We meet low prices and our returns are small, and then we want to sell and get out. Where we go doesn't matter so much as long as we get away. We never take the time to recall the bumper crops we have had and the fortunes that have been made and lost. We never think of the hours and hours of bright warm sunshine we have that makes this the healthiest climate in all the world, and we never think of the thousands that are trying to get into Southern Alberta to share in its good things. All we want to do is get out.

Well has it ever occurred to you in your seasons of discontent that probably most of these terrible hardships of which we complain so loudly are of our own making. Of course we cannot control rain, frost and other elements. But, we can make our own program, and make it so that these fluctuations do not knock us out so completely. Frozen wheat is nearly as good a feed for livestock as No. 1 is, not quite but nearly. It does not take as much 50c. wheat to fatten a beef or a hog than it would if the wheat were worth \$2 per bushel, and it isn't half as hard to feed it when it is cheap, and so it goes. There are a great many things we could do to take some of the disappointment out of our year's work if we would study our farming profession like other people study theirs. We should try it at any rate.

And then, after we do get away

after we sell out, we will find that every district under the sun has its problems and its drawbacks. Some are afflicted with high priced land, some with excessively high taxes, others with enormous water rates and shortage of water, and right now everyone is suffering from poor markets due to a lack of buying power. So where are you going when you go.

The plan of wisdom would seem to be about as follows. Make up your mind first that this is the land of OPPORTUNITY, that you can make a better living with less work and worry right here in Southern Alberta than any other place in the North American continent. Then make up your mind that the profitable days of straight wheat farming are about over, and set your hand to a program of some kind that doesn't depend 99 p.c. on the wheat markets. Take care of and improve the quality of your livestock to keep step with the progress of present day demands, prosperity demand it. Lastly, make up your mind that this is the best country in the world. Boost it, talk up its good qualities, make yourself believe it, and down the first kicker you meet with a flood of good boosting talk and then see how much better you feel and how much nicer this Southern Alberta sunshine feels and how much greener the grass is after you open your eyes and look for the good things in life.

Let's all of us try it.

### BUYING AT HOME

The Gazette has received much favorable comment on the series of Buy-at-Home articles which have been appearing in this paper, and we are assured that it is being read and considered by our readers.

The large amount of money which has been going out of this district daily has been for years and is at the present time a serious handicap to the welfare of the community. It is a condition which has been long realized by prominent citizens of Macleod, and is especially apparent to newcomers to this district. Times are hard everywhere at the present time, and business is below normal but Macleod is not getting its share. To people who are used to judging stocks and turnover, in respect to population, these things are only too apparent, and the Gazette is happy to be the medium through which the progressive citizens of Macleod can place these economic truths before the public.

We have been told that stocks and prices are to blame, and that buyers prefer larger stocks from which to make their selections. We have also been told that the stocks are as large and prices as low as business men can afford with the volume of business. The Gazette is not going to be the judge on what is past and gone. If we were asked we would say that the touch between the buyer and the seller in the form of advertising has had something to do with it—not everything, perhaps, but that it was one of the important contributing factors.

### A. E. Whitmore

In addition to being associated with many other public activities in Western Canada, A. E. Whitmore, of Regina, is vice-chairman of the Executive and Finance Committee of the World's Grain Exhibition and Conference.

He was born at Dunville, Haldimand County, Ontario, in 1876, but when quite young came to the west with his parents. He received his preliminary education in the Regina and Moose Jaw schools, later attending Upper Canada College, Toronto.

Ranching in the district west of Yellow Grass, Saskatchewan, was Mr. Whitmore's first introduction to the agricultural industry of the West, since which time he has become interested in a practical manner with several large farming undertakings. He has donated the use of one of his farms near Regina for the purpose of conducting growing tests of grain entered for exhibition at the 1932 world-wide event, to be made under the supervision of the cerealist from the federal experimental farm branch of the Department of Agriculture.

In 1905 Mr. Whitmore, with his brothers, entered the business field in Regina. From 1908 to 1912 he was a member of the Saskatchewan Legislature. He has also occupied the position of president of the Regina Board of Trade and is head of the Regina Agricultural Exhibition Association. He is a member of the directorate and on the advisory board of several large financial and commercial institutions, is on the board of the Anti-Tuberculosis League of Saskatchewan, a trustee of the Great War Veterans' Trust Fund, and chairman of the Regina Municipal Air Board.

We Meet All Trains

DEAN LAMB — RAYMOND

During our short residence here however, we know of some instances where buyers could have done better by buying locally. One instance was when a local store advertised an article at a price below cost, and a local citizen the same week received an order from a mail order house which contained the same article of clothing and for which he paid 31.5 per cent. more than he would have paid in Macleod. The mail order house received its profit, and the local man still has that amount of money tied up in a stock with which he is overloaded, and which he would like to change to a new stock so that he could give better service to the public.

We do not deny the right of the buyer to spend his money where and how he chooses. The money is his to spend, and he is to be the judge of where he can get the best value. But the more buying you do at home, the more value you can get at home. A larger business turnover in Macleod is needed to make it a better town, and that larger turnover will cure many of the ills, real or imaginary, which may exist in local business conditions. And in looking for value, the dollar which goes the farthest is the dollar that stays at home. —Macleod Gazette.

Our good old fence has been moved, and we can't lean on it anymore and be under the shade, because it is now across the yard between the High and Stake House.

The local Hi team played their return baseball game in Magrath last Saturday. The score was Raymond 5, Magrath 11, a very good game for Magrath.

Professor Low was in Calgary last week. He was accompanied by J. H. Blackmore, B.A., and Ken Stone.

## ITEMS OF INTEREST

Billy Meeks sound asleep in Agriculture class.

Mr. Low coming late for an early History class and having to dig up the bars.

Jean Wall all thrilled over her Sunday night engagement.

Grade X 1 fretting and bethering Professor Low about a Biology expedition.

Gray Kirkham imploring the boys to come to baseball practice.

Boothe Card, Deral West, Murny Holt lying under the trees trying to learn memorizing and telling each other about THAT good shot they made.

Walt Webster applying for a degree in Poolology.

Wilford VanOrman and Roy Woolley writing letters to Magrath in their study periods.

Frank Weaver figuring out his batting average in Arithmetic class.

Agnes and Maurine making eyes at Mike (our shell).

P. H. Redd explaining the mistakes in Einstein's theory.

Merrill: "That was an amazing argument between you and Edna last night."

Mirza: "Yeah, I sure was, when she threw that axe at me I thought I would split."

The boys are all training now in running and jumping, etc. preparing to go to Cardston on the 25th. We are expecting them to make people sit up and take notice.

## LIBRARY

Ella Wacker Wilcox says—"Sweep up the debris of decaying faith; sweep down the cobwebs of worn out beliefs, and throw your soul wide open to the light of reason and of knowledge. Be not afraid to thrust aside half worn truths and grasp the whole.

A library which reflects credit up on our town and shows splendid work on the part of the committee is now open to the public. The Town Hall is a nice quiet place where we can retire for a quiet hour with our favorite author. Never was a more worthy cause undertaken in our town and never a more opportune moment than the present. To see 30 to 60 children rush at break neck speed when school is out for books is an inspiration to anyone. They are your children and this library is yours, enjoy it to the full.

Spring time is the clean up season of the year, all nature is filled with this thought. Don't allow those cobwebs to make farther inroads upon that rusty brain; but sweep them down and resolve to let this library aid you in keeping abreast with our speeding world.

## CONGOLEUM RUG WINNERS

The rugs given away last week by the makers of Congoleum rugs, etc. were won as follows:—

At the Mercantile, the winner was Mrs. H. Roentmeester, with a guess of 1666. The number on the rug was 1670, and the peculiar thing about it was that this was the only guess in the 1600 hundreds at all.

Velma Litchfield won the rug at Stone's Hardware with a guess of 1737, while the number on the rug was 1744. This was a coincidence also as this girl won the rug at Stone's last year.

The contest created considerable excitement and after the announcements many were wondering why they guessed so big.

D. H. Bingham and son Ruon of Magrath were Raymond visitors on Monday.

## News Notes

A number of Raymond people were Lethbridge visitors on Saturday last.

The body of David McEwan, 64 years, of Claresholm, was found suspended in a shed at the rear of his home by his 11 year old daughter on Saturday morning. Poor health and despondency were given as the causes for his rash act.

The Macleod Gazette is conducting an extensive subscription campaign at the present time to increase its circle of readers.

Mr. and Mrs. H. F. Hodge left on Saturday for their home in Blackfoot Idaho. Mr. Hodge expressed sorrow at leaving and asked the Recorder to convey to the many friends of the family their sincere appreciation of the acquaintanceship, and to tell those he could not see, Good-bye and Good Luck.

The weather Saturday and Sunday last was decidedly pleasant with a nice warm sun shining and no wind.

A. A. McGillivray K.C. of Calgary and leader until recently of the Conservative party in Alberta, has been elevated to the appeal division of the Supreme Court, to the vacancy caused by the retirement of the Hon. W. L. Walsh. Mr. McGillivray is known to many local for his speeches there during the Provincial election of 1925.

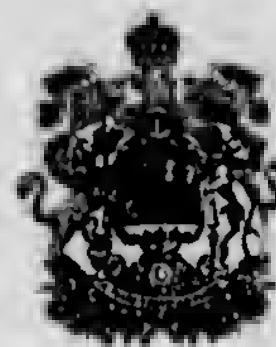

The Government of Spain has issued orders to shoot-to-kill in its determination to put down the rioting and arson that has been going on for the past few days throughout the country.

The Empress of Britain, la gest of the palatial Canadian Pacific liners, was launched from the ship yards at Clyde, Scotland on Easter Sunday. She is 758 feet in length, with 42-500 tons displacement, and will commence her maiden voyage from Glasgow to Quebec on May 27th.

Among outside Conference visitors we noticed were; Pres. Wood and son Forest and Mr. and Mrs. J. Taylor Heninger of Cardston; Pres. A. E. Palmer of Lethbridge and Mrs. G. S. Brewerton of Cardston.

Because of Quarterly Conference being held last Sunday the Mother's Day programs in the Sunday Schools of the Stake will be held this coming Sunday. Interesting programs and suitable remembrances for mother are planned.

AN OPPORTUNITY TO HOLDERS OF EARLY MATURING  
CANADIAN GOVERNMENT BONDS  
TO EXTEND THE TERM OF THEIR INVESTMENT IN  
THE PREMIER SECURITY IN CANADA

GOVERNMENT OF THE  
DOMINION OF CANADA  
1931 CONVERSION LOAN

The Minister of Finance of the Dominion of Canada offers to holders of the undernoted Dominion issues the privilege of exchanging their bonds into longer dated issues, in the following terms and under the following conditions:

This offer affords to holders of bonds eligible for conversion, the same interest payment and tax-free privileges, for the life of and as contained in the present bonds, and the opportunity of extending the term of the investment at 4½% per annum.

**WAR LOAN 5% BONDS MATURING 1st OCTOBER, 1931**—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1956, bearing interest from 1st April, 1931. The first coupon will be for six months' tax-free interest at the rate of 5% per annum payable 1st October, 1931; the second coupon will be for seven months' interest at the rate of 4½% per annum payable 1st May, 1932; thereafter to maturity interest will be payable half-yearly at 4½% per annum.

**RENEWAL LOAN 5½% BONDS MATURING 1st NOVEMBER, 1932**—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1957, bearing 4½% interest payable half-yearly from 1st May, 1931. There will also be attached to these bonds three adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932, for additional interest at the rate of 1% per annum.

**VICTORY LOAN 5½% BONDS MATURING 1st NOVEMBER, 1933**—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1958, bearing 4½% interest payable half-yearly from 1st May, 1931. The first five interest coupons, being those to and including 1st November, 1933, will be tax-free. There will also be attached to these bonds five tax-free adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932 and 1933, for additional interest at the rate of 1% per annum.

**VICTORY LOAN 5½% BONDS MATURING 1st NOVEMBER, 1934**—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1959, bearing 4½% interest payable half-yearly from 1st May, 1931. There will also be attached to these bonds seven adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932, 1933 and 1934, for additional interest at the rate of 1% per annum.

Conversion applications in the terms of the foregoing are invited to a total of \$250,000,000. The Minister of Finance reserves, however, the right to increase or decrease this amount at his discretion.

Subscriptions will be received and receipts issued by any branch in Canada of any Chartered Bank and by recognized Canadian Bond Dealers and Stock Brokers, from whom may be obtained application forms and copies of the official prospectus containing complete details of the loan. Applications will not be valid on forms other than those printed by the King's Printer.

The subscription lists to the foregoing will open on 11th May, 1931, and will close on or before 23rd May, 1931, at the discretion of the Minister of Finance.

DEPARTMENT OF FINANCE,  
Ottawa, 11th May, 1931.

## Quarterly Conference

these out. We will all be tried about as much as we can stand, but if we are humble the Lord will see us thru. William Clark then sang "Gentle Shepherd."

Pres. Clausen was the concluding speaker and voiced his pleasure at seeing the House so well filled and such a good spirit present. Spoke of the Temple at Cardston, the good work being done there, and urged everyone to support it to the very best of their ability. Felt that this Temple would probably be the means of sanctifying this land to the people of the Church. Read an article on "Going On" and commented on it at some length stating that this was the law of life in every part of creation, causing the seasons of the year night and day and all our other changes. Man cannot deny the thought of God and a hereafter, and most agnostics, infidels, etc. believe in God, and despite infirmities, loss of limb, incurable illness we all cling to the thread of life just as long as we can. When discouraged, said the speaker, look around you and see if you cannot find someone less fortunate than yourself, then sympathize with them and in this way your own condition will not seem so bad, and you will appreciate more the blessings you have.

"Behold the King of Glory" was the closing number. Mrs. Myron Holmes singing the solo, and the benediction was offered by Pres. O. H. Snow.

### SUNDAY EVENING

C. R. Wing, Pres. of the Stake Y. M.M.I.A. conducted the evening program and the first song was "We Thank Thee O God for a Prophet," and prayer by Pres. J. W. Evans.

The second song was "Redeemer of Israel."

The Bee Hive Girls gave the first part of the program and after a very suitable introduction by Pres. Allen and the Wo-Man-Ho Call of the Swarm, the seven fields of activity were dramatized, the explanatory readings being given by Miss Wand, Tolman of Magrath. The seven fields were: Religion, Home, Domestic Arts, Out of Doors, Health, Public Service and Business. In song and speaking these presentations were very impressive and enjoyed by all.

Mac. Hicklen and Doris Stone sang a Vocal Duet on Mother, and the congregation all joined in singing, "Let Us All Press On."

A one act Scout Play "A Little Scout Shall Lead Them" was next presented, and the lesson showed the influence of Scout activities on the father, after the son had died. This number was also very impressive.

The closing song was "Count Your Many Blessings" preceded by a few brief words from Pres. Clausen and Miss Jack, and the Conference was dismissed by Louis Braundley.

At the beginning of this program two Cello Solos were rendered by Mr. and Mrs. Henderson of Lethbridge who kindly waited for the evening session in order to contribute these two numbers.

D. O. "Dez" David, who with his family lived in Raymond for many years and who worked on the Recorder staff years ago is dead in Los Angeles. He made a name in the business newspaper field and was noted as a very fine editorial writer. Acquaintances here will regret hearing this news.

Work on the Cardston-Lethbridge Highway is progressing very nicely. Grading crews are now working this side of Magrath, and the end of the present week will see practically all the grading finished between Spring Coulee and Magrath, and the road ready for graveling.

Neighbors of Mrs. Fay Cook south of town are co-operating to put in her crop for her. She lost her husband early this spring, and this neighborly act will help her a great deal. Congratulations to those who are helping.

Mrs. Relva Booth Ross attended an executive meeting of the Constituency U.F.W.A. in Lethbridge, Sat. May 9. Plans were made for the Annual Women's Conference to be held this year June 13th at Lethbridge. The local organization was given the opportunity of furnishing several program numbers and leading in the community singing. A full program and details will be published later. A large number of Raymond ladies will be in attendance.
